RE: South Carolina Electric & Gas Company;  
Notice of New Natural Gas Construction Project

Dear Mr. Terreni:

South Carolina Electric & Gas Company ("SCE&G" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") and the South Carolina Office of Regulatory Staff ("ORS") of new natural gas construction projects resulting in a cost of \$500,000 or more. See 26 S.C. Code Ann. Reg. 103-412.2.7(A). In compliance with Commission regulation, this letter serves as notification to the Commission and ORS that SCE&G plans to improve its natural gas pipeline system by constructing a new, eight-inch steel gas pipeline extending from Highway 57 (Old River Road), in Florence County, predominately alongside Highway 378, to Highway 24 (Pee Dee Highway), in Horry County. The need for this construction project arises because the South Carolina Department of Transportation is rebuilding eight bridges along Highway 378, thus requiring the Company to relocate a portion of its natural gas distribution system.

The construction of this pipeline will occur in three phases. Construction of approximately three miles of this project began on May 4, 2009, identified as Phase I. Phase II of the construction project (approximately five miles) is scheduled to begin later in 2009 and continue into 2010. Phase III of the construction project (approximately eight miles) is scheduled to occur in 2010. The Company anticipates that the total cost of all phases of this construction project will exceed \$500,000.

By copy of this letter, SCE&G is also notifying ORS of this construction pursuant to S.C. Code Ann. Reg. 103-412.2.7(A).

The Honorable Charles Terreni
